# Takusui-ryo Guidelines

Welcome to Takusui-ryo, the men's dormitory for Ehime University. It opened in 1981. The official head of the dormitory is the dean of the Faculty of Agriculture and it is run by the students who live there. We hope you will be able to make yourself comfortable here. We have outlined the rules and regulations and we hope you will read them carefully. If you have any questions, please ask at the Nogakubu (Faculty of Agriculture), Gakumu Office.

## Dormitory Fees

- **Room charge**                    4300 yen / month
- **General utility charge** 5700 yen / month

This covers water, gas, sewage, toilet paper, hallway and stairway's lights, and other expenses for each floor (such as garbage bags, kitchen and toilet cleansers).

- **Electricity charge**            2000 yen / month

If your electricity bill for your room surpasses 2000 yen then you will have to pay extra as well.

- **Total**                            12000 yen / month

Payments should be made to a student treasurer by the end of the month. If you do not pay for more than 3 months, you may have to leave the dormitory. You can enter the dorm at anytime of the year and move out at anytime, but you are asked to give advance notice if you intend to leave.

## Dormitory Life

The dorm is run by the dorm committee. The officers (president, vice-president, recording secretary, treasurer) are elected twice a year. There are also representatives from each floor who are in charge of sports, culture, PR, clean-up, etc. General meetings are held about once a month. You are encouraged to participate in dorm activities and all of you are responsible for keeping your room clean and maintaining a comfortable dorm environment.

There are 40 rooms for Japanese students and 10 for foreign students. It is desirable that there will be exchange between the Japanese and foreign students. Special events are held to strengthen ties and welcome new members. April – a welcome party, June – Dorm festival with the Miyuki Dorm, August – All-Shikoku Dorm gathering.

Unlike an apartment, the dorm is a place where strong ties of friendship are formed and those ties can last long after graduation. It is a community where cooperation is very important and students can learn how to get along with others in preparation for joining society as adults.
